

## 2<sup>nd</sup> INTERNATIONAL AIR CONDITIONING, REFRIGERATION, WATER, PUMP & VALVE EXHIBITION

# POSTSHOW REPPORT

## IN BREF HVAC-R

T

HVAC Expo Côte d'Ivoire 2026, **Co-located with Build Expo Côte d'Ivoire and Lift Expo Côte d'Ivoire**, took place from **9 to 11 June 2026 at the Abidjan Exhibition Centre**, creating one of West Africa's leading business platforms for the built environment, bringing together professionals from the HVAC-R, construction and vertical transportation industries under one roof.

Over three days, the co-located exhibitions welcomed **160 participating brands from 14 countries** and more than **8,200 industry professionals**, including HVAC contractors, engineers, consultants, distributors, manufacturers, installers, project owners and public-sector representatives from Côte d'Ivoire and across the region.

Held under the patronage of the **Ministry of Urban Planning, Housing and Living Environment** and supported by leading institutional and professional organisations, HVAC Expo Côte d'Ivoire reinforced its position as a strategic business platform for the **HVAC-R and building services industry in West Africa**.

The official opening ceremony brought together government representatives, industry leaders, diplomatic figures and key stakeholders, highlighting the importance of innovation, energy efficiency and sustainable building technologies in supporting the region's rapid urban and industrial development.

A dedicated Hosted Buyer Programme further strengthened the exhibition's business impact, facilitating more than **1,500 targeted B2B meetings** and creating valuable networking opportunities between exhibitors, buyers and industry professionals from regional markets.

Held under the patronage of the **Ministry of Urban Planning, Housing and Living Environment** and the **Ministry of Commerce, Industry and Handicraft**, with the valuable support of **CNPC-CI, CCI-CI, CGECI and CEPICI**, HVAC Expo Côte d'Ivoire 2026 further strengthened its position as a leading business platform for the **HVAC-R and building services industry** in West Africa.

The 2026 edition also had the honour of welcoming distinguished diplomatic and institutional representatives, reflecting the growing international reach of the exhibition and the strategic importance of Côte d'Ivoire's HVAC, energy-efficient building solutions and infrastructure development sectors.

Among the distinguished guests were **His Excellency Mr Mirmohammad Meigoni Seyed Gho-**

**lamreza**, Ambassador of the Islamic Republic of Iran to Côte d'Ivoire; **Mr Musa Ari**, Commercial Attaché at the Embassy of Türkiye; **Mr Hicham Houssameidine**, representing the Trade Office of the Embassy of Egypt; **Mr Essam Ahmad A. Elnagar**, Minister Plenipotentiary for Trade at the Embassy of Egypt; **Mr Olivier Monet Yapi**, representing the Deputy Mayor of Port-Bouët; **Mr Ibrahim Demir**, Country Director of ATLM Expo; **Mr Siriki Sangaré**, President of CNPC-CI; and **Mr Kouadio Pokou Marius**, representing the Minister of Urban Planning, Housing and Living Environment.

The official opening ceremony of **HVAC Expo Côte d'Ivoire 2026** took place on the morning of 9 June, bringing together distinguished government representatives, diplomatic guests, industry leaders and key stakeholders from the **HVAC-R and building services sector**.

The ceremony was enriched by dynamic traditional dance performances and cultural presentations celebrating Côte d'Ivoire's rich heritage and creating a memorable opening to three days of business, innovation and industry exchange.

# A PRESTIGIOUS OPENING

The official opening ceremony of **HVAC Expo Côte d'Ivoire 2026** took place on the morning of **9 June**, bringing together distinguished government representatives, diplomatic guests, industry leaders and key stakeholders from the **HVAC-R, energy and building services sectors**.

The ceremony was enriched by dynamic traditional dance performances and cultural presentations celebrating Côte d'Ivoire's rich heritage and creating a memorable opening to three days of business, innovation and industry exchange.

A highlight of the opening ceremony was the traditional libation ritual performed by customary chiefs, invoking the blessings of the ancestors and reflecting Côte d'Ivoire's deep-rooted cultural heritage. This symbolic moment brought a distinctive cultural dimension to the official launch of the **2026 edition**.

The opening programme continued with a ministerial conference entitled **"The Future of Development in Côte d'Ivoire and West Africa: Visions, Realities, Constraints and Solutions."** Moderated by **Florent Kouamé**, the session brought together **Mr Kouadio**

**Pokou Marius**, Technical Advisor at the Ministry of Urban Planning, Housing and Living Environment, and **Mr Siriki Sangaré**, CEO of Opes Holding SA and President of CNPC-CI.

The discussion provided valuable perspectives on the challenges and future priorities of **energy-efficient buildings, sustainable infrastructure and urban development**, connecting institutional strategies with the realities and needs of the market.

Following the official programme, distinguished guests toured the exhibition, met directly with exhibitors and discovered the latest **HVAC-R technologies, energy-efficient solutions and building services innovations** presented by participating companies.

# 18 HIGH-LEVEL CONFERENCES & MASTERCLASSES

Beyond the exhibition floor, **HVAC Expo Côte d'Ivoire 2026** delivered a high-level conference and masterclass programme designed to address the key challenges, opportunities and innovations shaping the **HVAC-R, energy-efficient building services and sustainable infrastructure sectors** in Côte d'Ivoire and across West Africa.

Over three days, influential decision-makers, industry leaders and international experts shared their perspectives on strategic topics including energy efficiency, smart buildings, sustainable construction, urban development, investment, technological innovation and cross-border business development.

By connecting institutional perspectives with private-sector expertise and practical market experience, the programme created a valuable platform for knowledge exchange, professional dialogue and forward-looking discussions on the future of **HVAC-R and building services** in the region.

**KOUADIO POKOU MARIUS**

- Stifani Machmouchi

## MASTERCLASS 4

### Marketing and Artificial Intelligence in Construction: Strategies to Attract, Convert and Retain Clients

**Speaker:** Souha Chaari — Founder, MKG Consulting  
| Senior Marketing & Communication Consultant

## CLOSING CEREMONY

**HVAC Expo Côte d'Ivoire 2026** concluded with an official closing ceremony, marking the end of three days of business meetings, knowledge exchange and industry dialogue dedicated to supporting the development of the **HVAC-R, energy-efficient building services and sustainable infrastructure sectors** in West Africa.

# A HIGH-IMPACT MARKETING CAMPAIGN

The **co-located HVAC Expo Côte d'Ivoire, Build Expo Côte d'Ivoire and Lift Expo Côte d'Ivoire** were supported by an integrated multichannel marketing campaign designed to maximise visibility, engage industry professionals and attract targeted visitors from Côte d'Ivoire and across the West African region.

The campaign combined television and radio advertising, digital media, SMS and WhatsApp communication, call-centre outreach, targeted e-mail campaigns and the distribution of VIP and professional invitations. A dedicated field team also conducted direct B2B outreach, visiting more than **900 companies** to personally introduce the exhibitions, distribute invitations and build direct connections with professionals across the **HVAC-R, construction and vertical transportation industries**.

This coordinated campaign enabled the co-located exhibitions to reach a broad and diverse audience while maintaining a strong focus on qualified buyers, consultants, contractors, distributors, installers, developers and industry decision-makers, significantly strengthening regional awareness and business participation.

# HOSTED BUYERS PROGRAM

CONNECTING QUALIFIED BUYERS WITH INTERNATIONAL BRANDS

As part of the **co-located HVAC Expo Côte d'Ivoire, Build Expo Côte d'Ivoire and Lift Expo Côte d'Ivoire**, the Hosted Buyer Programme was designed to connect international exhibitors with carefully selected buyers, distributors, contractors, consultants, developers and project decision-makers from strategically important West African markets.

Rather than focusing on visitor numbers alone, the programme prioritised business relevance by identifying professionals with genuine purchasing authority and active commercial projects across the **HVAC-R, construction and vertical transportation industries**.

A highly targeted digital recruitment campaign was developed across ten specialised sectors, including **construction, building materials, HVAC-R systems, air conditioning, refrigeration, water technologies, pumps, valves, elevators, escalators and related building technologies**.

The campaign generated more than **260 qualified Hosted Buyer registrations**, resulting in over **1,500 targeted B2B meetings** throughout the co-located exhibitions.

Delegations from twelve **West African countries** created valuable opportunities for exhibitors to expand their regional distribution networks and develop long-term commercial partnerships across multiple sectors.

## AUDIOVISUAL ADVERTISING

Digital promotion was reinforced by an extensive field marketing programme carried out across Abidjan in the weeks leading up to the **co-located HVAC Expo Côte d'Ivoire, Build Expo Côte d'Ivoire and Lift Expo Côte d'Ivoire.**

A dedicated ten-member field team personally visited more than **900 companies** operating within the **HVAC-R, construction and building technologies ecosystem**, distributing invitations, introducing the exhibitions and engaging directly with company representatives and decision-makers. This face-to-face approach complemented the digital campaign by reaching highly relevant professionals across multiple industries and strengthening awareness among companies with active business interests in the **HVAC-R, construction and vertical transportation sectors.**

## SMS / WHATSAPP / CALL CENTER / RADIO

 12 000 SMS,  20 000 WHATS APP,  8500 CALLS,  420+ SPOTS RADIO AND TV

## BILLBOARD

## FIELD ACTIVATION

## INVITATIONS

# ASTRONG COMMUNICATION NETWORK

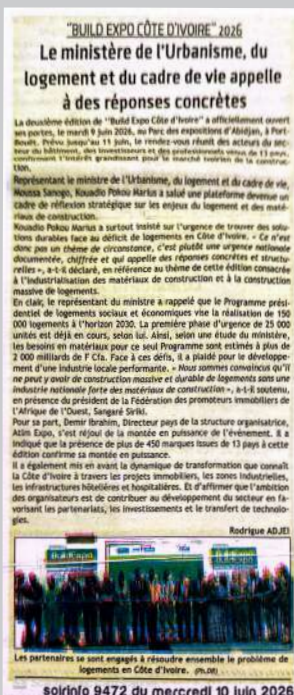

## DIGITAL ADVERTISING

The communication strategy was further amplified through the support of institutional partners, professional organizations, media partners and exhibitors, who actively promoted the co-located HVAC Expo Côte d'Ivoire, Build Expo Côte d'Ivoire and Lift Expo Côte d'Ivoire across their respective communication channels. Combined with targeted invitation campaigns and digital

## PRESSE COVERAGE

engagement, this collaborative communication effort substantially expanded the visibility of the exhibitions, strengthened industry participation and reinforced their position as one of West Africa's leading business platforms for the HVAC-R, construction and vertical transportation industries.

# A MEMORABLE EXPERIENCE

**Chazile Obala**  
**Sales Director – DMD**

Our participation in Build Expo Côte d'Ivoire 2026 fully met our expectations. The exhibition enabled us to welcome a large number of qualified visitors and engage with professionals from different regions of Côte d'Ivoire, as well as international partners. The quality of the contacts established and the level of business discussions reflected the dynamism of the market. We are very satisfied with the results achieved and consider this edition a genuine success for our company.

**100% BÉTON**

**Mrs. Cissé — Sales Representative:**

Our participation in Build Expo 2026 was a very positive experience. Despite slightly lower attendance due to the holiday period, the exhibition enabled us to reconnect with existing clients, meet new prospects and develop valuable B2B exchanges with other participating companies. We also welcomed visitors with genuine projects, which made our participation particularly worthwhile. Build Expo provided an excellent opportunity to strengthen our professional network and open up new business prospects.

**Emre Kandemir**  
**General Manager – Termofan | Türkiye**

Our participation in Build Expo Côte d'Ivoire 2026 confirmed the strong potential of the West African market for our company. Throughout the exhibition, we met distributors, construction companies, engineering firms and decision-makers seeking innovative HVAC solutions. The quality of the visitors and the level of the discussions exceeded our expectations. This edition enabled us to develop new business opportunities and strengthen our presence in the region. We thank the organisers for the quality of the event and look forward to participating in the next edition.

# EXHIBITORS TESTIMONIALS

## Eltem Büger

### Chair of the Board – Ventum Lift | Türkiye

Ventum Lift participated in Build Expo Côte d'Ivoire for the second time with the objective of strengthening our presence in the West African market. The exhibition enabled us to meet construction contractors, architects and investors while developing new business opportunities. We completed several sales and received deposits for a number of projects, confirming the strong potential of this market. In view of the excellent results achieved, we are now planning to open a showroom in Côte d'Ivoire. We are fully satisfied with our participation and hope to return for the next edition.

## SDPF

### Mr. Lah — Founder of SDPF Côte d'Ivoire:

Our participation in Build Expo 2026 was a very positive experience. We welcomed a large number of visitors and clients to our stand, allowing us to develop new business opportunities. The quality of the discussions was highly satisfactory, and we established valuable contacts both in Côte d'Ivoire and internationally. This edition strengthened our visibility and reaffirmed our commitment to taking part in the next Build Expo.

## SODIMAS

Côte d'Ivoire offers strong growth potential, supported by a dynamic economy and numerous construction projects currently under development. During Build Expo, we met ambitious industry professionals and identified genuine business opportunities. Success in this market requires companies to adapt to client needs, understand the local business environment and approach every interaction as an opportunity to learn and build long-term partnerships.

## VOIREBAT

### Voirebat Representative:

Our participation in Build Expo 2026 took place under excellent conditions. The exhibition enabled us to meet our partners, suppliers and clients, who were able to discover our full range of products and services. The discussions were productive and constructive, strengthening our existing professional relationships while creating new opportunities for collaboration. Following a successful first experience, it was a real pleasure to participate again this year, and we hope to return for the next edition with even more innovative solutions.

# EXHIBITORS TESTIMONIALS

**Arman Naser**

**Aquomatch | Türkiye**

Build Expo Côte d'Ivoire provided an excellent opportunity to strengthen our presence in the West African market and establish new partnerships. Throughout the exhibition, we met high-quality visitors and held highly constructive discussions with professionals from Côte d'Ivoire and neighbouring countries. The organisation of the event and the quality of the contacts established fully met our expectations. We are confident that these new relationships will develop into lasting collaborations, and we hope to participate in the next edition.

**Marlène Diminan**

**CACOMIAF**

Build Expo Côte d'Ivoire 2026 was an excellent opportunity to present our solutions and showcase our expertise to industry professionals. Our first participation enabled us to meet numerous decision-makers, engage with potential partners and strengthen our visibility in the market. The organisation of the exhibition, the quality of the visitors and the business opportunities generated fully met our expectations. We look forward to participating in future editions and continuing to develop our activities across West Africa.

**Rim El Khatib**

**Administration Manager – Cool d'Ivoire (Official LG Distributor)**

Build Expo Côte d'Ivoire is an important platform for the development of the construction and HVAC solutions sector in West Africa. The exhibition enabled us to meet qualified professionals, present our energy-efficient air-conditioning solutions and engage with numerous potential partners. The organisation of the event and the quality of the visitors contributed significantly to the success of our participation. We are confident that the contacts established during the exhibition will rapidly develop into new projects.

**BIBLOS**

**Jean-Yves Millian – Technical Sales Representative, Biblos:**

Our first participation in Build Expo 2026 was a very encouraging experience. The exhibition enabled us to meet a diverse audience of professionals, private visitors and students. The discussions were rewarding, and we established new contacts that will contribute to the development of our business. This first experience was positive, and we are confident that future editions will offer even more opportunities. We would be pleased to participate in Build Expo again.

# EXHIBITORS TESTIMONIALS

## SAMSUNG ELECTRONICS

### Samsung Representative:

Our participation in HVAC Expo was both valuable and rewarding. It enabled us to increase awareness of Samsung Electronics' presence in Côte d'Ivoire and showcase the diversity of our solutions, particularly in air conditioning, home appliances and AI-connected devices. We met visitors from a wide range of professional backgrounds, including customers, resellers, technicians, architects and construction specialists. The exhibition provided valuable business opportunities and generated several promising contacts and prospects interested in our solutions. We are very satisfied with this first participation and would be pleased to return for a future edition.

SAMSUNG

YESTİ

## Erkin Türkcan

### Business Development Coordinator – YESTİ Group | Türkiye

Since 2010, YESTİ Group has been developing its activities across Africa, notably through geosynthetic applications for gold-mining sites. Our company is also active in prefabricated buildings, modular camps, fencing, infrastructure, piping networks, reinforced-concrete construction and steel structures. We participated in Build Expo Côte d'Ivoire for the first time with the objective of strengthening our presence in West Africa and developing new opportunities in the construction sector. The exhibition enabled us to meet numerous professionals and gain a clearer understanding of the regional market's potential. This first participation was highly positive, and we believe Build Expo Côte d'Ivoire will contribute to the continued development of our activities in Africa. We hope to participate again in future editions.

## ESLI Endüstriyel

### Türkiye

As ESLI Endüstriyel, a company specialising in water-treatment technologies, we participated in Build Expo Côte d'Ivoire for the first time. The exhibition exceeded our expectations in terms of attendance, and we met a large number of qualified visitors, particularly project owners and decision-makers, making our participation especially productive. We were also impressed by the warm welcome extended to exhibitors and the professionalism of the organising team. From our arrival at the airport to the support provided throughout the exhibition, we received excellent assistance. This edition enabled us to establish valuable business contacts and gain a clearer understanding of the opportunities available in the West African market. We hope to take part in future editions and continue developing our activities in the region.
