THREE DAYS CONNECTING WEST AFRICA'S **HVAC-R MARKET** WITH INTERNATIONAL EXPERTISE, INNOVATION AND **BUSINESS OPPORTUNITIES.**

THE EXHIBITION

HVAC Expo Côte d'Ivoire 2026, co-located with Build Expo Côte d'Ivoire and Lift Expo Côte d'Ivoire, took place from 9 to 11 June 2026 at the Abidjan Exhibition Centre, bringing together key players from the air conditioning, refrigeration, heating, ventilation, water, pump and valve technology sectors.

THE BUSINESS PLATFORM

Over three days, the exhibition welcomed 160 participating brands from 14 countries and more than 8,200 industry professionals, including HVAC-R contractors, engineers, consultants, distributors, manufacturers, installers and project owners.
A dedicated Hosted Buyer Programme further strengthened the exhibition's business impact, facilitating more than 1,500 targeted B2B meetings between exhibitors, buyers and industry professionals from regional markets.

THE REGIONAL IMPACT

Held under the patronage of the Ministry of Urban Planning, Housing and Living Environment and supported by leading institutional and professional organisations, HVAC Expo Côte d'Ivoire reinforced its position as a strategic business platform for the HVAC-R and building services industry in West Africa.

THE OFFICIAL OPENNING

09 JUNE 2026 | ABIDJAN EXHIBITION CENTRE

GOVERNMENT, DIPLOMACY AND INDUSTRY UNITED IN ABIDJAN

The official opening ceremony of Build Expo Côte d'Ivoire 2026 brought together government representatives, diplomatic guests, institutional leaders and prominent figures from the construction industry.

Held under the patronage of the Ministry of Urban Planning, Housing and Living Environment and the Ministry of Commerce, Industry and Handicraft, the ceremony reflected the exhibition's growing international reach and the strategic importance of Côte d'Ivoire's construction, housing and infrastructure sectors.

Representatives of government, foreign missions, public institutions, professional organisations and the private sector gathered to mark the beginning of three days dedicated to business development, knowledge exchange, innovation and regional industry cooperation.

The ceremony also featured traditional performances and a symbolic libation ritual, adding a distinctive cultural dimension to the official programme.

DISTINGUISHED GUESTS

H.E. Deniz Erdoğan Barım
Ambassador of Türkiye to Côte d'Ivoire

Mr Olivier Monet Yapi
Representative of the Deputy Mayor of Port-Bouët

H.E. Mirmohammad Meigoni Seyed Gholamreza
Ambassador of the Islamic Republic of Iran to Côte d'Ivoire

Mr Ibrahim Demir
Country Director, ATLM EXPO

Mr Musa Arı
Commercial Attaché, Embassy of Türkiye

Mr Siriki Sangaré
President, CNPC-CI

Mr Hicham Houssameidine
Representative of the Trade Office, Embassy of Egypt

Mr Kouadio Pokou Marius
Representative of the Ministry of Urban Planning, Housing and Living Environment

Mr Essam Ahmad A. Elnagar
Minister Plenipotentiary for Trade, Embassy of Egypt

OPENING CEREMONY
HIGHLIGHTS

A HIGH-LEVEL OPENING CONNECTING INSTITUTIONS, DIPLOMACY AND THE HVAC R INDUSTRY

01 OFFICIAL OPENING

Government representatives, diplomatic guests, institutional leaders and HVAC-R industry stakeholders gathered for the official opening of HVAC Expo Côte d'Ivoire 2026. The ceremony marked the beginning of three days of business meetings, professional exchange and industry cooperation at the Abidjan Exhibition Centre.

02 INSTITUTIONAL & DIPLOMATIC PRESENCE

The participation of government representatives, foreign missions, professional organisations and private-sector leaders reflected the exhibition's growing international reach and its strategic position within West Africa's HVAC-R market. Their presence underlined the importance of collaboration between public institutions and the private sector in supporting the future development of energy-efficient building services and infrastructure in Côte d'Ivoire.

03 MINISTERIAL CONFERENCE

The opening programme continued with a ministerial conference entitled: **"THE FUTURE OF DEVELOPMENT IN CÔTE D'IVOIRE AND WEST AFRICA: VISIONS, REALITIES, CONSTRAINTS AND SOLUTIONS"**
Moderated by **Florent Kouamé**, the session brought together **Mr Kouadio Pokou Marius**, Technical Advisor at the Ministry of Urban Planning, Housing and Living Environment, and **Mr Siriki Sangaré**, CEO of Opes Holding SA and President of CNPC-CI.
The discussion examined the challenges and future priorities of construction and urban development, connecting institutional strategies with the realities and needs of the market.

04 EXHIBITION TOUR

Following the official programme, distinguished guests toured the exhibition and met directly with participating companies.The delegation discovered the latest HVAC-R technologies, energy-efficient solutions and building services innovations presented across the exhibition, while engaging with exhibitors on current projects, market developments and new opportunities for cooperation.

18 HIGH-LEVEL CONFERENCES & MASTERCLASSES

Beyond the exhibition floor, **HVAC Expo Côte d'Ivoire 2026** delivered a high-level conference and masterclass programme designed to address the key challenges, opportunities and innovations shaping the **HVAC-R, energy-efficient building services and sustainable infrastructure sectors** in Côte d'Ivoire and across West Africa.

Over three days, influential decision-makers, industry leaders and international experts shared their perspectives on strategic topics including energy efficiency, smart buildings, sustainable construction, urban development, investment, technological innovation and cross-border business development.

By connecting institutional perspectives with private-sector expertise and practical market experience, the programme created a valuable platform for knowledge exchange, professional dialogue and forward-looking discussions on the future of **HVAC-R and building services** in the region.

Zaha Hadid Architects in Abidjan: Creating the Iconic

HAMZE MACHMOUCHI

Senior Designer at Zaha Hadid Architects

One of the highlights of Build Expo Côte d'Ivoire 2026 was the exclusive masterclass led by Hamze Machmouchi, Senior Designer at Zaha Hadid Architects, who travelled from London to Abidjan for the occasion.

Held on the first day of the exhibition, 9 June 2026, from 14:00 to 14:45, the session attracted a large and highly engaged audience. Under the theme "Creating the Iconic", Hamze Machmouchi explored how landmark architecture can go beyond design to redefine a city's identity, stimulate investment and contribute to the long-term growth of a region and its industries.

A HIGHT IMPACT
MARKETING CAMPAIGN

The **co-located HVAC Expo Côte d'Ivoire, Build Expo Côte d'Ivoire and Lift Expo Côte d'Ivoire** were supported by an integrated multichannel marketing campaign designed to maximise visibility, engage industry professionals and attract targeted visitors from Côte d'Ivoire and across the West African region.

The campaign combined television and radio advertising, digital media, SMS and WhatsApp communication, call-centre outreach, targeted e-mail campaigns and the distribution of VIP and professional invitations. A dedicated field team also conducted direct B2B outreach, visiting more than **900 companies** to personally introduce the exhibitions, distribute invitations and build direct connections with professionals across the **HVAC-R, construction and vertical transportation industries.**

This coordinated campaign enabled the co-located exhibitions to reach a broad and diverse audience while maintaining a strong focus on qualified buyers, consultants, contractors, distributors, installers, developers and industry decision-makers, significantly strengthening regional awareness and business participation.

FIELD MARKETING CAMPAIGN REINFORCES DIGITAL PROMOTION

Digital promotion was reinforced by an extensive field marketing programme carried out across Abidjan in the weeks leading up to the exhibition. A dedicated ten-member field team personally visited more than 900 companies operating within the construction and infrastructure ecosystem, distributing invitations, introducing the exhibition and engaging directly with company representatives and decision-makers. This face-to-face approach complemented the digital campaign by reaching highly relevant professionals and strengthening awareness among companies with active business interests in the sector.

DIGITAL ADVERTISING

The communication strategy was further amplified through the support of institutional partners, professional organisations, media partners and exhibitors, who actively promoted the exhibition across their respective communication channels. Combined with targeted invitation campaigns and digital engagement, this collaborative communication effort substantially expanded the exhibition's visibility and strengthened industry participation.

HOSTED BUYERS PROGRAM

CONNECTING QUALIFIED BUYERS WITH INTERNATIONAL BRANDS

he **Hosted Buyer Programme** was designed to connect international exhibitors with carefully selected buyers, distributors, importers, contractors and project decision-makers from strategically important West African markets. Rather than focusing on visitor numbers alone, the programme prioritised business relevance by identifying professionals with genuine purchasing authority and active commercial projects. A highly targeted digital recruitment campaign was developed across ten specialised construction sectors, including building materials, HVAC, machinery, architecture, engineering, water treatment, elevators, concrete technologies, metal construction systems and doors & windows. The campaign generated more than 260 qualified Hosted Buyer registrations, resulting in over 1,500 targeted B2B meetings throughout the exhibition. Delegations from twelve West African countries created valuable opportunities for exhibitors to expand their regional distribution networks and develop long-term commercial partnerships.

For the 2026 edition, participating countries included: **Burkina Faso · Mali · Sénégal · Gabon · Ghana · Bénin · Togo · Guinée · Niger · Libéria · Sierra Leone · Cameroun**

A MEMORABLE **EXPERIENCE**

SAMSUNG Electronics

Representant de Samsung:

«Our participation in the HVAC Expo was a very interesting and rewarding experience. It allowed us to raise awareness of Samsung Electronics' presence in Côte d'Ivoire, as well as the diversity of our solutions, particularly in air conditioning, home appliances, and AI-connected devices.» «We met visitors with a wide range of profiles, including customers, resellers, technicians, architects, and construction professionals. There were many exchanges, allowing us to showcase not only our products but also our after-sales service.» «The show gave us great business opportunities, with several contacts and prospects interested in our solutions. We are very satisfied with this first participation and would be happy to take part in a future edition.»

Arman Naser

Aquomatch | Türkiye

Build Expo Côte d'Ivoire provided an excellent opportunity to strengthen our presence in the West African market and establish new partnerships. Throughout the exhibition, we met high-quality visitors and held highly constructive discussions with professionals from Côte d'Ivoire and neighbouring countries. The organisation of the event and the quality of the contacts established fully met our expectations. We are confident that these new relationships will develop into lasting collaborations, and we hope to participate in the next edition.

Rim El Khatib

Administration Manager – Cool d'Ivoire (Official LG Distributor)

Build Expo Côte d'Ivoire is an important platform for the development of the construction and HVAC solutions sector in West Africa. The exhibition enabled us to meet qualified professionals, present our energy-efficient air-conditioning solutions and engage with numerous potential partners. The organisation of the event and the quality of the visitors contributed significantly to the success of our participation. We are confident that the contacts established during the exhibition will rapidly develop into new projects.

EXHIBITORS TESTIMONIALS

BIBLOS

Jean-Yves Millian — Technical Sales Representative, Biblos:

Our first participation in Build Expo 2026 was a very encouraging experience. The exhibition enabled us to meet a diverse audience of professionals, private visitors and students. The discussions were rewarding, and we established new contacts that will contribute to the development of our business. This first experience was positive, and we are confident that future editions will offer even more opportunities. We would be pleased to participate in Build Expo again.

Emre Kandemir

General Manager – Termofan | Türkiye

Our participation in Build Expo Côte d'Ivoire 2026 confirmed the strong potential of the West African market for our company. Throughout the exhibition, we met distributors, construction companies, engineering firms and decision-makers seeking innovative HVAC solutions. The quality of the visitors and the level of the discussions exceeded our expectations. This edition enabled us to develop new business opportunities and strengthen our presence in the region. We thank the organisers for the quality of the event and look forward to participating in the next edition.

ESLI Endüstriyel | Turquie

«As ESLI Endüstriyel, specialized in water treatment technologies, we are participating in Build Expo Côte d'Ivoire for the first time. The show far exceeded our expectations in terms of attendance. We met a large number of qualified visitors, mainly project holders and decision-makers, which made our participation particularly productive. We were also very impressed by the warm welcome given to exhibitors and by the professionalism of the organizing team. From arrival at the airport to support throughout the show, we received excellent assistance. This edition allowed us to establish valuable business contacts and gain a clearer understanding of the opportunities offered by the West African market. We hope to take part in future editions to continue our development in the region. We warmly thank the organizers for the quality of this event.»

EXHIBITORS TESTIMONIALS

Erkin Türkcan

Coordinateur du Développement Commercial | YESTİ Group | Turquie

«Since 2010, YESTİ Group has been growing its activities in Africa, notably through geosynthetic projects for gold mining sites. Our company is also active in prefabricated buildings, modular camps, fencing, infrastructure, piping networks, as well as reinforced concrete and steel structure construction. We are taking part in Build Expo Côte d'Ivoire for the first time, with the goal of strengthening our presence in West Africa and developing new opportunities in the construction sector. The show allowed us to meet numerous professionals and gain a concrete assessment of the regional market's potential. This first participation was very positive, and we are confident that Build Expo Côte d'Ivoire will contribute to the growth of our activities in Africa. We hope to take part again in future editions.»

100% BÉTON

Mrs. Cissé — Sales Representative:

Our participation in Build Expo 2026 was a very positive experience. Despite slightly lower attendance due to the holiday period, the exhibition enabled us to reconnect with existing clients, meet new prospects and develop valuable B2B exchanges with other participating companies. We also welcomed visitors with genuine projects, which made our participation particularly worthwhile. Build Expo provided an excellent opportunity to strengthen our professional network and open up new business prospects.

SDPF

Mr. Lah — Founder of SDPF Côte d'Ivoire:

Our participation in Build Expo 2026 was a very positive experience. We welcomed a large number of visitors and clients to our stand, allowing us to develop new business opportunities. The quality of the discussions was highly satisfactory, and we established valuable contacts both in Côte d'Ivoire and internationally. This edition strengthened our visibility and reaffirmed our commitment to taking part in the next Build Expo.

Marlène Diminan

CACOMIAF

Build Expo Côte d'Ivoire 2026 was an excellent opportunity to present our solutions and showcase our expertise to industry professionals. Our first participation enabled us to meet numerous decision-makers, engage with potential partners and strengthen our visibility in the market. The organisation of the exhibition, the quality of the visitors and the business opportunities generated fully met our expectations. We look forward to participating in future editions and continuing to develop our activities across West Africa.

EXHIBITORS
TESTIMONIALS

VOIREBAT

Voirebat Representative:

Our participation in Build Expo 2026 took place under excellent conditions. The exhibition enabled us to meet our partners, suppliers and clients, who were able to discover our full range of products and services. The discussions were productive and constructive, strengthening our existing professional relationships while creating new opportunities for collaboration. Following a successful first experience, it was a real pleasure to participate again this year, and we hope to return for the next edition with even more innovative solutions.

Eltem Büger

Chair of the Board – Ventum Lift | Türkiye

Ventum Lift participated in Build Expo Côte d'Ivoire for the second time with the objective of strengthening our presence in the West African market. The exhibition enabled us to meet construction contractors, architects and investors while developing new business opportunities. We completed several sales and received deposits for a number of projects, confirming the strong potential of this market. In view of the excellent results achieved, we are now planning to open a showroom in Côte d'Ivoire. We are fully satisfied with our participation and hope to return for the next edition.

SODIMAS

Côte d'Ivoire offers strong growth potential, supported by a dynamic economy and numerous construction projects currently under development. During Build Expo, we met ambitious industry professionals and identified genuine business opportunities. Success in this market requires companies to adapt to client needs, understand the local business environment and approach every interaction as an opportunity to learn and build long-term partnerships.

Chazile Obala

Sales Director – DMD

Our participation in Build Expo Côte d'Ivoire 2026 fully met our expectations. The exhibition enabled us to welcome a large number of qualified visitors and engage with professionals from different regions of Côte d'Ivoire, as well as international partners. The quality of the contacts established and the level of business discussions reflected the dynamism of the market. We are very satisfied with the results achieved and consider this edition a genuine success for our company.
